Purolator E-Ship Connector

Addon for Microsoft Dynamics NAV / Navision

A fast, proven, and cost-effective way to integrate Purolator E-Ship with Dynamics NAV / Navision.

- Increase shipping speed and accuracy.
- Save time and resources in the warehouse.
- View tracking numbers and exact shipping charges for orders in real time.
- Stop typing in shipping addresses manually.

Ship and Track Orders with Ease

This shipping connector passes address information seamlessly from a Dynamics NAV / Navision sales order to Purolator E-Ship, eliminating the need to re-key data into either system at any point.

After the package is processed in Purolator E-Ship, the addon passes freight charges and tracking numbers back to the Dynamics NAV sales document. (This step is optional and can be configured by the user.)

Contact your local provider to order now. For more information call, e-mail or visit our website:
